CAREER OBJECTIVE

Motivated second-year BSc (Hons) Computing student with a strong interest in Computer Networking, Network Administration, Full-Stack Web Development and IT Infrastructure. Equipped with hands-on internship experience and technical knowledge in networking fundamentals, troubleshooting, and system support. Seeking an internship or entry-level opportunity to apply technical skills, gain industry experience, and contribute to innovative technology solutions.

EDUCATION

Bachelor of Science (Hons) Computing | 2024 – Present
Itahari International College, Nepal

PROFESSIONAL EXPERIENCE

IT Intern | 20 March 2025 – 28 November 2025
Itahari International College, Itahari, Nepal

- Assisted IT staff in routine computer and network maintenance; diagnosed and resolved hardware, software, and connectivity issues to minimize disruption to campus operations.
- Delivered frontline technical support to students and staff, monitored network performance, and collaborated with the IT team to maintain laboratory and campus IT resources.
- Gained hands-on experience in LAN configuration, TCP/IP fundamentals, network troubleshooting, and system administration within a live institutional IT environment.

ACADEMIC PROJECTS

Travel Buddy – Travel Planning and Recommendation Platform
Technologies: React.js, Node.js, MySQL, GitHub

- Developed a full-stack travel planning and recommendation platform using React.js, Node.js, and MySQL; built responsive frontend interfaces and RESTful APIs for efficient data handling.
- Implemented CRUD functionalities, user management features, and relational database design; collaborated in a team environment using GitHub for version control.

Gym Membership Management System
Technologies: Java, Java Swing, OOP

- Developed a desktop application for membership registration and attendance tracking, applying Object-Oriented Programming principles to build a modular and maintainable codebase.
- Designed an intuitive Java Swing GUI that streamlined gym administration tasks and delivered a user-friendly experience for staff and management.

TECHNICAL SKILLS

Networking: Computer Networking, Network Troubleshooting, LAN Configuration, Router & Switch Fundamentals, Network Security Basics

Programming: Java, Python, HTML, CSS, JavaScript (Basic), React.js (Basic), Node.js (Basic)

Database: MySQL

Tools & Platforms: Git & GitHub, Microsoft Office Suite, Windows OS, Linux Fundamentals

CORE COMPETENCIES

Problem Solving | Analytical Thinking | Communication | Teamwork | Adaptability | Time Management
